Hello everyone,

Thank you for all your support and efforts to end homelessness in LA through Bridge Home.

In order to address the short-term problems of homelessness, the Mayor has announced \$20 million dollars to build emergency housing throughout the City, with a minimum of fifteen up and running by January 2019. With these housing facilities will come extra services for cleanups and outreach teams for every neighborhood that provides a site.

According to the most recent estimates, there are approximately 400 homeless individuals in Koreatown, one of the largest densities of homelessness in the City. Most publicly owned land in Koreatown are parks, libraries, and schools, and there are very few options to site temporary housing where it is desperately needed. The only available site in Koreatown owned and controlled by the City of Los Angeles is the DOT Parking lot at 682 S. Vermont Avenue. Koreatown needs this temporary housing and other neighborhoods like Westwood, Hollywood, South Los Angeles, Mid-City, Studio City, Valley Village, North Hollywood, Van Nuys, Sherman Oaks, Miracle Mile, and Chinatown will be doing the same.

Council President Herb Wesson would like to invite you to attend the Save A Life rally this Friday, May 18th, at 8:45 AM in front of City Hall. Please feel free to distribute the attached flyer to other community members. Let me

know if you have any additional questions.

Thank you,
